GLOBAL PRESENCE

A WORLD OF COMPLETE EYEWEAR SOLUTIONS

— WWW.NOVAEYEWEAR.COM —

40+
COUNTRIES

35+
SERVICE CENTRES

15+
YEARS

Nova is a brand which is not only synonymous with vision correction but also with fashion. It is redefining eyewear by providing a wide range of eye-care solutions without compromising on style, so consumers do not see eyewear as a hindrance but as a fashionable accessory and hence its brand mantra is ...

‘ Vision Meets Fashion ’

HIGH TECH + HIGH FASHION =

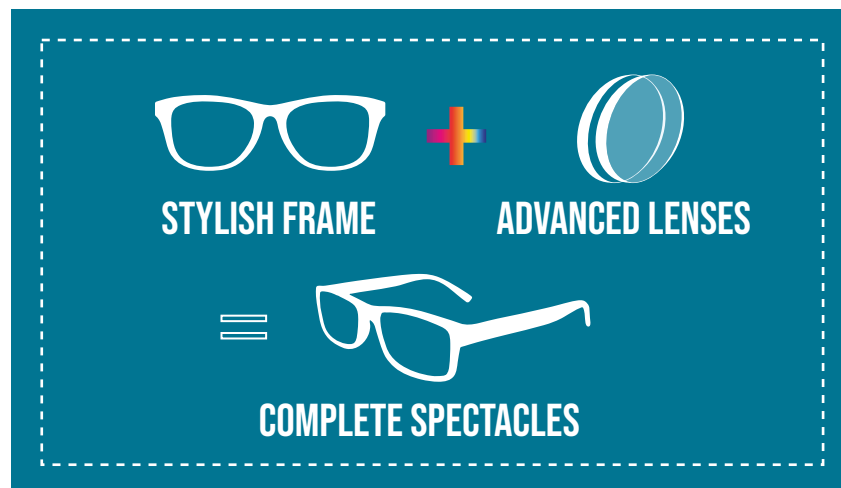

VISION MEETS FASHION

+combos

STYLISH FRAMES + ADVANCED LENSES

YOUR STYLE WITHOUT ANY VISION COMPROMISE

Build your own pair of iconic Nova frame with the most advanced prescription lenses. Each pair is crafted by Nova, tailor-made to your exact prescription, and carefully designed to complement your signature frame.

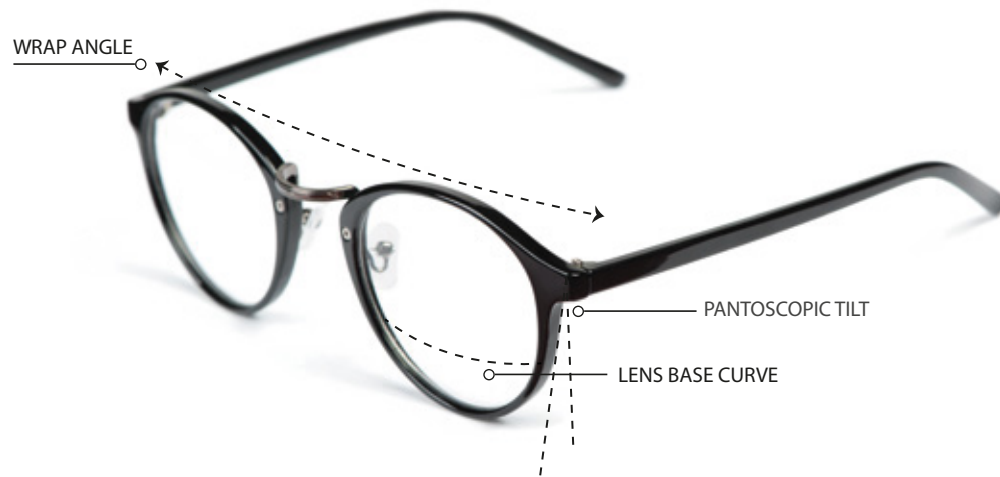

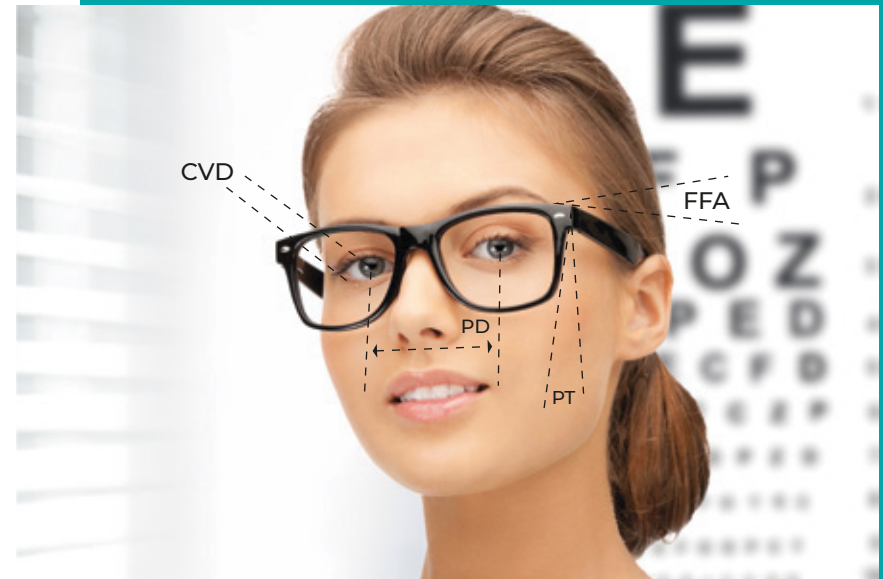

NOVA LENSES

Precision | Clarity | Comfort

NOVA LENS WITH CUTTING-EDGE TECHNOLOGY

The original curve of **Nova frames** perfectly matches with Nova lenses, maintaining their natural shape. Zero adjustments needed.

NOVA COMBOS eyewear is meticulously designed with detailed value of the Back Vertex Distance, Pantoscopic Tilt and Frame Curvature.

Authenticity Card

Nova's packaging reflects elegance and care, designed to protect your eyewear while offering a premium experience.

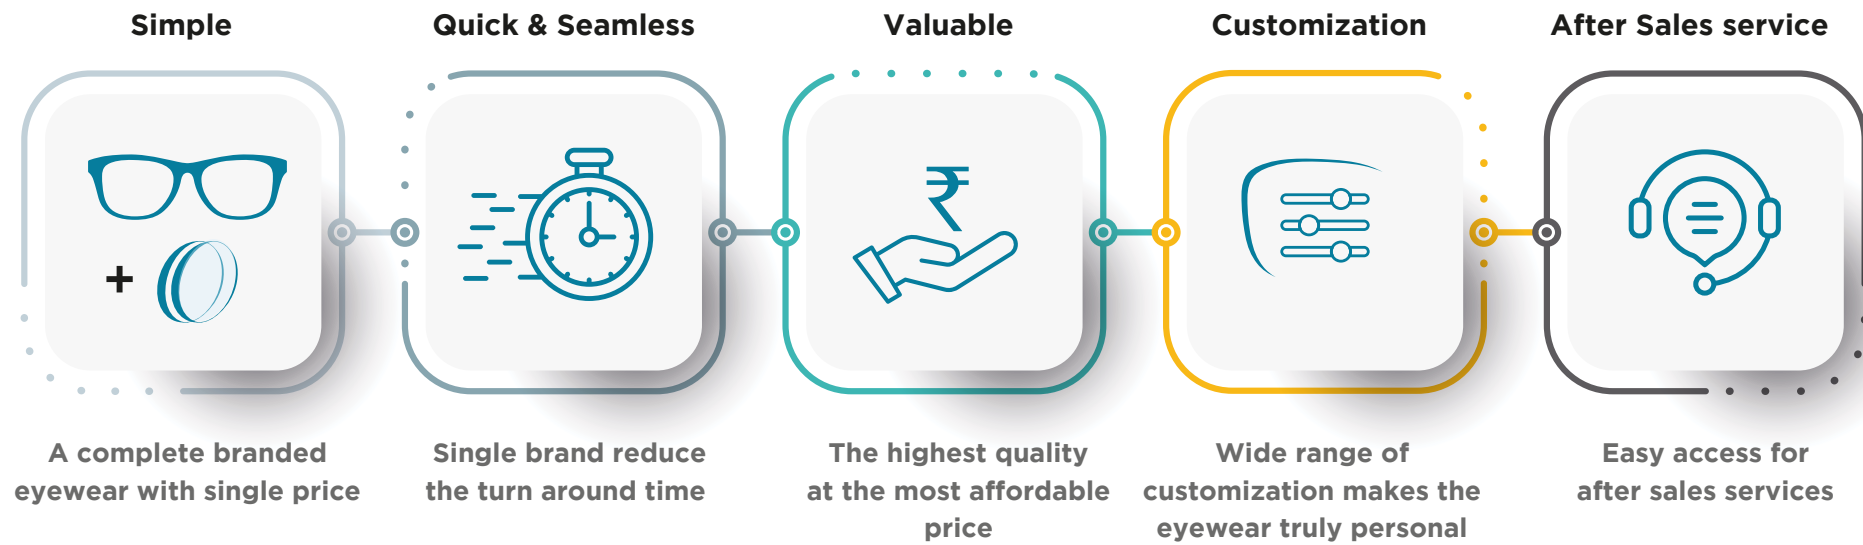

NOVA COMBOS ADVANTAGE

Nova Combos are designed for a convenient and hassle-free selection of the right pair of eyewear suitable for your aesthetics, lifestyle and visual requirements.

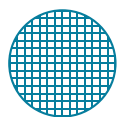

TECHNOLOGY OVERVIEW

NOVA COMBOS IS POWERED BY:

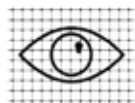

- » Digi Contour Technology has resulted in numerous lens advancements and stands to be one of the most dynamic technological innovations in eyewear industry.
- » With the help of this technology, wearers can actually receive corrective lenses designed especially to the individual visual requirement.
- » Digi Contour Technology ensures contrast rich image with wider fields of vision compared to conventional lenses.
- » It also results in remarkably clear image with insignificant distortion in the extreme peripheral areas.

1. What is Nova Combos?

Nova Combos is a complete spectacle package that includes high-quality nova frames and best in class nova lenses. These frames are available in contemporary and classic designs to suit all ages.

2. Why choose Nova Combos?

- » **Brand Assurance:** Nova is a brand with 15 years legacy with global presence in 40+ countries . Nova is not only synonymous with vision correction but also with fashion. It is redefining eyewear by providing a wide range of eye-care solutions without compromising on style.
- » **High Quality, Best Price :** Nova offers attractive prices for top-quality products.
- » **Convenience:** Why buy separately, get lens + frames in Combos - one stop solution .

3. How to ensure your Nova Combos are genuine?

To authenticate your Nova Combos

- » Look for authenticity markings on the lenses.
- » Review the authenticity card provided by the ECP and check that the power details on the card match your prescription.

4. Do Nova Combos protect against UV rays and Blue-Violet Light?

Yes, Nova Combos come with the best-in-class lens solution featuring UV and harmful Blue-Violet Light protection.

5. Are photochromic and polarized lenses available with Nova Combos?

Yes, Nova Combos are available with both photochromic options.

6. What types of lens focus & coating options are available?

Nova Combos come with both single vision (SV) and progressive addition lenses (PAL) for near and far-sightedness. Nova Combos offer the best-in-class Satin series ARC coatings.

7. Can I order Nova Combos with lenses outside the standard power range?

Yes, please check with your local customer service team for support with extended power ranges.

8. Can I get thinner lenses with Nova Combos?

Yes, Nova Combos offer high-index lenses (1.67 & 1.74) for the thinnest and lightest possible option.

We hope this clarifies your questions about Nova Combos!

For further queries you can reach out via email connect@novaeyewear.com or call us at **1800 120 2175**
