NOVA COMBOS ADVANTAGE

Nova Combos are designed for a convenient and hassle-free selection of the right pair of eyewear suitable for your aesthetics, lifestyle and visual requirements.

TECHNOLOGY OVERVIEW

powered by:

- » Digi Contour Technology has resulted in numerous lens advancements and stands to be one of the most dynamic technological innovations in eyewear industry.
- » With the help of this technology, wearers can actually receive corrective lenses designed especially to the individual visual requirement.
- » Digi Contour Technology ensures contrast rich image with wider fields of vision compared to conventional lenses.
- » It also results in remarkably clear image with insignificant distortion in the extreme peripheral areas.

Co-powered By

**ABERRATION
FILTER SYSTEM**

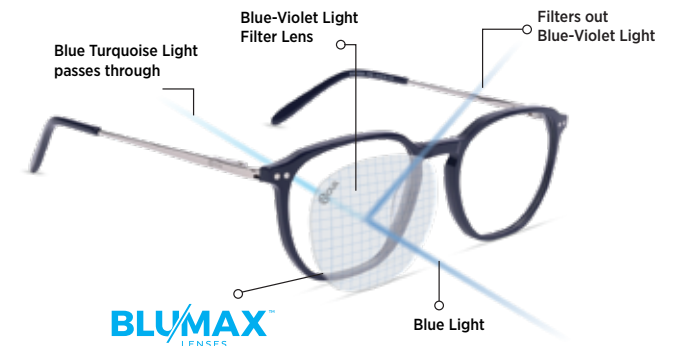

**BINOCULAR
BALANCING SYSTEM**

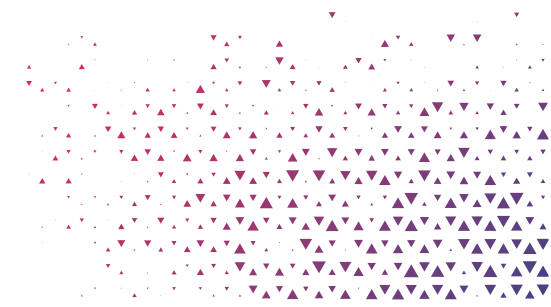

MATERIAL & COATING

Experience enhanced eye care with **Blumax lenses**, expertly crafted to shield your eyes from harmful UV rays and blue-violet light. These lenses ensure you enjoy visual clarity and comfort without compromise. The neutral color balance offers a natural viewing experience, making them perfect for both indoor and outdoor use.

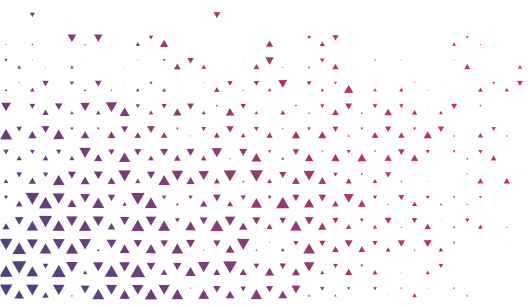

6 PROTECTIVE COATING FEATURES

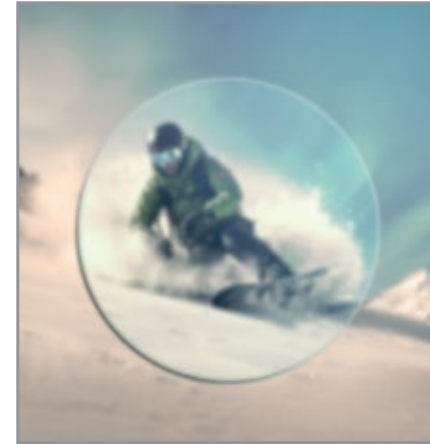

LENS THICKNESS COMPARISON

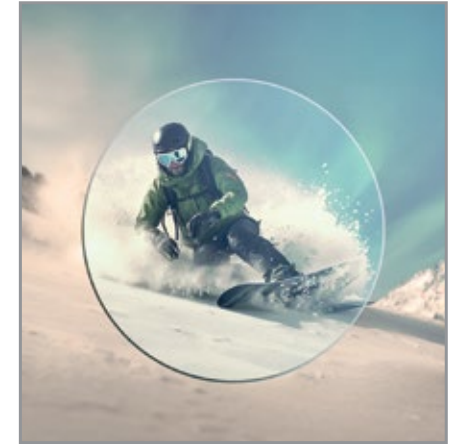

Index	Edge Thickness (mm)	-6.00 D Center Thickness (mm)	+4.00 D Center Thickness (mm)	Index Wise Lens Features

ADD ONS

Transitions®

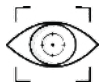

Transitions® Light Intelligent Lenses™ seamlessly adapt to changing light situations, darkening when outdoors and returning to clear when indoors. All Transitions® lenses protect your eyes from UV rays and help filter blue-violet light.

Lenses darken when exposed to higher UV levels.

OUR PERFECT EVERYDAY LENS.

Transitions® GEN S™ is ultra-responsive to light, offers a spectacular colour palette and provides HD vision at the speed of your life.

Effortless vision

Long-lasting photochromic performance

Fully clear indoors
